

Prof. Giulio Mondini

Curriculum vitae

Prof. Giulio Mondini graduated in Architecture, is Full Professor of Project Appraisal and Planning Evaluation at the Polytechnic of Turin. His scientific interests are oriented towards:

- a) analysis of the building construction process with particular attention to the role played by the construction sector within the ambit of the economic development of the Country, through tools coming from the Input-Output Analysis;
- b) analysis and intervention on the upgrading of the urban-metropolitan tissue with specific reference to the problems of urban outskirts and “weak” areas;
- c) evaluation problems, with special attention to the issues related to the analysis and evaluation of the interventions feasibility on building, territorial and environmental scale in a logic of development sustainability;
- d) analysis and evaluations of environmental compatibility, with particular reference to the procedures of Environmental Impact Evaluation, Strategic Environmental Evaluation and Incidence Evaluation.

His research activity, developed at both a theoretical and an applicative level, has broached the main factors of compatibility and sustainability assessment of territory transformation projects at all levels (nature, environment, built environment), testing various evaluation methodologies on concrete cases of territory transformation, through agreements between Universities and public operators. The activities are documented in over 100 publications on books, national and international journals and conference proceedings.

1978	Graduated in Architecture from Turin Polytechnic on 8 th November 1978 (110 / 110 and distinction).
1980	Scholarship holder by the Istituto di Critica dell'Architettura e Progettazione of Turin Polytechnic.
1984	He is appointed University Researcher in the scientific disciplinary sector H15X – ESTIMATIVE EVALUATIONS and since 01/07/84 performs its activity by the Department of Housing and City of the Turin Polytechnic.
1987	Since 1 st July 1987 he is confirmed Researcher in Estimative evaluations and he works in the Department of Housing and City of Turin Polytechnic.
1992	He is appointed University Associate Professor in the scientific disciplinary sector H15X Estimative evaluations and since 01/11/92 operates in the Department of Processes and Methods of Building Production at the University of Florence.
1995	Since 1 st November 1995 he is tenured confirmed Associate Professor and since 01/11/96 he operates by the Land, Environment and Geo-engineering Department of Turin Polytechnic.

- 1997 Since 1st July 1997 he is vice-Director of the Post-graduate School in History, Analysis and Evaluation of Architectonic and Environmental Heritage by the Department of Housing and City of the Turin Polytechnic.
- 1993 Since 3rd June 1993 he is ordinary member of Ce.S.E.T. (Centro Studi di Estimo e di Economia Territoriale).
- 2002 He is appointed University Ordinary Professor in the scientific disciplinary sector ICAR22 – ESTIMATIVE EVALUATIONS
- 2004 He is appointed vice-Director of SiTI–Higher Institute on Innovation Territorial Systems
- 2007 He is Director of the Specialization Post-graduate School in History, Analysis and Evaluation of Architectonic and Environmental Heritage (Turin Polytechnic)
- 2008 He is Director of the Master “World Heritage at Work”, Centro Conservazione e Restauro “La Venaria Reale”, Venaria Reale
- 2009 He is appointed Full Professor of Estimation at the Department of Territory, Environment and Geotechnology Engineering, 1st Faculty of Engineering of the Polytechnic of Turin
- 2011 He is appointed Director of SiTI – Istituto Superiore su Sistemi Territoriali per l’Innovazione
He is appointed Chairman of Sister s.r.l.
- 2012 He is confirmed Director of the School of Specialization in Architectural Heritage and Landscape of the Polytechnic of Turin
- 2013 He is nominated in the Doctoral School in Architectural and Landscape Heritage of the Polytechnic of Turin
- 2014 He is appointed in the Scientific Committee of the " Centro di documentazione Verona città fortificata patrimonio mondiale UNESCO" by the City of Verona
He is a UNESCO Chairman of the UNESCO "New paradigms and instruments for bio-cultural landscape management" established at SiTI (Istituto Superiore su Sistemi Territoriali per l’Innovazione) and the School of Specialization of the Polytechnic of Turin
- 2015 He is elected member of the DIST Council - Interuniversity Department of Regional and Urban Studies and Planning of the Polytechnic of Turin
- 2017 He is Director of the scientific journal "Valori e valutazioni"
- 2018 He is elected Director of the DIST - Interuniversity Department of Regional and Urban Studies and Planning of the Polytechnic of Turin

Turin, September 2019

Giulio Mondini
